

SATURDAY 25TH JUNE 2011

ANZBMS

Australian and New Zealand Bone
and Mineral Society

Advanced Clinical Postgraduate Meeting 2011

Specialist training in the management of bone and mineral diseases is an expanding field with clinical significance across numerous disciplines including endocrinology, rheumatology, rehabilitation and geriatric medicine, orthopaedic surgery as well as general medicine.

**The Australian and New Zealand Bone and Mineral Society invites you to attend the
2011 Advanced Clinical Postgraduate Meeting in Bone Disease.**

The conference faculty includes internationally recognised experts in the field and will feature

- The latest information on best practice in the diagnosis and treatment of bone and mineral disease;
- Critical evaluation of current management strategies and their underlying scientific evidence;
- Coalface perspectives on current progress in bone and mineral disease.
