

Saturday 9th December, 2023

Genetics and Low Bone Density/Fragility

8:45AM - 9:00AM Welcome and Introduction

9:00AM - 9:30AM The Clinicians Guide to Genetic Causes of Bone Fragility: Lecture-Based Prof Emma Duncan, King's College London

9:30AM - 10:15AM When and How to Consider Genetic Testing for Bone: Case-Based Prof Rory Clifton-Bligh, University of Sydney

10:15AM - 10:30AM *Break*

Monitoring Treatment Responses in Bone

10:30AM - 11:00AM What's New in Bone Turnover Markers?: Lecture-Based Dr Samuel Vasikaran, Royal Perth Hospital

11:00AM - 11:45AM When and How to Use Bone Turnover Markers and Bone Density in Osteoporosis Management: Case-Based Dr Weiwen Chen, Garvan Institute

11:45AM - 12:00PM *Break*

Osteoporosis in Men - Unique Considerations

12:00PM - 12:30PM Unique Considerations in Men with Osteoporosis: Lecture-Based Dr Ie-Wen Sim, Western Health

12:30PM - 1:15PM Androgens and Osteoporosis Therapies in the Male Patient: Case-Based Prof Bu Yeap, University of Western Australia

Sunday 10th December, 2023

Osteoporosis in Pre-Menopausal Women

9:00AM - 9:30AM	Bone Fragility in Pre-menopausal Women: Lecture-Based	Dr Shoshana Sztal-Mazer, Alfred Health
--------------------	---	--

9:30AM - 10:15AM	Addressing Low Bone Density and Fragility Fracture in the Younger Female: Case-Based	Dr Anne Trinh, Hudson Institute
---------------------	--	---------------------------------

10:15AM - 10:30AM	<i>Break</i>	
----------------------	--------------	--

Secondary Osteoporosis

10:30AM - 11:00AM	Secondary Causes of Osteoporosis: Lecture-Based	Dr Hanh Nguyen, Monash University
----------------------	---	-----------------------------------

11:00AM - 11:45AM	When and How to Consider Another Cause of Osteoporosis: Case-Based	Dr Syndia Lazarus, Queensland Health
----------------------	--	--------------------------------------

11:45AM - 12:00PM	<i>Break</i>	
----------------------	--------------	--

Look to the Future

12:00PM - 12:30PM	Emerging Diagnostic Modalities in Bone	Dr Roger Zebaze, Monash University
----------------------	--	------------------------------------

12:30PM - 1:15PM	Panel Discussion on Everyday Challenges, Clinical Conundrums	TBC
---------------------	--	-----
