

ANZBMS e-News

25 September 2014

ANZBMS ASM 2014, Queenstown

The Programme Organising Committee has worked very efficiently this year, with great support from Ivone Johnson, and our conference organiser, Malcolm Blakey, to produce what we hope will be a stimulating conference programme. We have been fortunate in having Per Aspenberg and Sarah Dallas agree to be our international keynote speakers. More than 140 abstracts were submitted of which 48 have been accepted for oral presentation. The balance will be presented in three poster sessions. We are grateful to the 12 society members who refereed these abstracts. The submitted abstracts are complemented by 30 invited presentations and a suite of Meet the Professor sessions. We have again been well supported by industry, in particular Amgen (platinum sponsor), Merck Sharp and Dohme (gold sponsor), and Sanofi (silver sponsor). As a result, we expect the meeting to run at a small profit. We would like to thank the members of the POC, the LOC and all others who have contributed to this meeting for making it such a success.

ANZBMS 2014 Award winners

ANZBMS Kaye Ibbertson Award for Bone and Mineral Medicine

Nicole Yu

Sol Posen Research Award

Heath McGowan

MSD-ANZBMS Clinical Research Excellence Award

Masakazu Kogawa

Roger Melick Young Investigator Award

Hua Ying

Irina Kulina

Christopher & Margie Nordin Young Investigator Poster Award

Joint ANZBMS, MEPSA and MBSANZ Annual Scientific Meeting

1-4 November 2015

Hotel Grand Chancellor, Hobart, Tasmania

Young Investigator Awards at this year's ASBMR meeting

Congratulations to:

Holly Brennan from St. Vincent's Institute / The University of Melbourne and Holger Henneicke from the ANZAC Institute / The University of Sydney.

ASBMR Paula Stern Achievement Awardee

This award recognizes a woman in the bone field who has promoted the professional development and advancement of women in the field.

Congratulations to Jillian Cornish

9th International Symposium on Nutritional Aspects of Osteoporosis

ISNAO 2015

17-20 June 2015
Montreal, Canada

**9th International Symposium on Nutritional Aspects of Osteoporosis
17-20 June 2015, Montreal, Canada**

The 9th International Symposium on Nutritional Aspects of Osteoporosis will be held in Montreal, Canada on the 17-20th June 2015. This symposium is the only international meeting which deals exclusively with nutrition, bone and muscle, and usually attracts about 120 specialists from all over the world. In 2015 the meeting will move from Lausanne, Switzerland to North America for the first time. The meeting is being organized by Prof. Connie Weaver from Purdue University in the USA, Prof. Robin Daly from Deakin University in Australia, and Prof. Heike Bischoff-Ferrari from the University of Zurich in Switzerland. This symposium will be of great interest to many health professionals across various disciplines because of the emphasis on bone and other tissues including muscle and the brain, and recent evidence for a role of protein, potassium, B vitamins, vitamin D, omega 3 fatty acids and flavonoids on bone and muscle health, as well as the interactions between bone and other conditions such as diabetes and chronic kidney disease. To address the challenges of an aging population, the role of nutrition will be reviewed specifically for the prevention of sarcopenia, frailty and their consequences (falls, hip fractures, loss of autonomy).

Abstracts for the symposium close the 9th February 2015.
