## Re: Donations to Charles Chen's Family

Dear Friends and Colleagues,

Our previous mail/ eNews contained information in case you wanted to make a non-deductible donation to Charles Chen's family. As you might remember, Charles died unexpectedly 2 weeks ago, leaving behind a wife and an 11-year-old son.

As it turns out, the information in our previous eNews was incorrect. Here is how you can donate:

You can make a direct deposit to the following Trust fund: Phil Williams Carbonara Trust Account BSB: 062 028 Account No. 10209143. This account has kindly been made available from Accountants Phil Williams Carbonara.

Donations will remain open until close of business Thursday 4th December. After which time all funds raised will be transferred to the family with a covering note listing all the names of the friends and colleagues who donated (if you wish to be named see below) with just an overall amount listed, not individual amounts.

1. Please make donations to BSB: 062028 Account: 10209143
2. In your Bank Transaction state your Surname followed by Chen - e.g. Hong Chen
3. To comply with the Trust regulations **you must then send an email** to Nazifa Wardak <[pwc@p-w-c.com.au](mailto:pwc@p-w-c.com.au)>
  - o Subject heading: Donation for Jian Sheng Charles Chen
  - o In body of email please state:
    - a) Name
    - b) Address
    - c) Amount Donated (a receipt will be sent to you)
    - d) Please also state YES if you want to be named in the letter that will be sent to Lisa and Alex or ANONYMOUS
    - e) Even if you wish to be anonymous for the family you must still provide name and address for the auditing purposes for the Trust fund donations

Thank you for your kind support for Charles's family at this difficult time.

Lyn March

## CALL FOR PAPERS

Please note there will be a SPECIAL ISSUE of "BONE" on 'Bone and Diabetes'

Please go to <http://www.journals.elsevier.com/bone/call-for-papers/special-issue-on-bone-metabolism-and-diabetes-mellitus-from/>

## Joint ANZBMS, MEPSA and MBSANZ Annual Scientific Meeting

1-4 November 2015

Hotel Grand Chancellor, Hobart, Tasmania

We are now working on the programme for next year's Annual Scientific Meeting of the ANZBMS. An important part of this is to invite overseas speakers. We would welcome suggestions for both clinical and basic speakers.

If you have suggestions, please send them to Graeme Jones [Graeme.Jones@utas.edu.au](mailto:Graeme.Jones@utas.edu.au) by **17 November 2014**.

Many thanks

Graeme Jones on behalf of the POC

9th International Symposium on Nutritional Aspects of Osteoporosis

**ISNAO 2015**

17-20 June 2015  
Montreal, Canada

**9<sup>th</sup> International Symposium on Nutritional Aspects of Osteoporosis  
17-20 June 2015, Montreal, Canada**

The 9th International Symposium on Nutritional Aspects of Osteoporosis will be held in Montreal, Canada on the 17-20<sup>th</sup> June 2015. This symposium is the only international meeting which deals exclusively with nutrition, bone and muscle, and usually attracts about 120 specialists from all over the world. In 2015 the meeting will move from Lausanne, Switzerland to North America for the first time. The meeting is being organized by Prof. Connie Weaver from Purdue University in the USA, Prof. Robin Daly from Deakin University in Australia, and Prof. Heike Bischoff-Ferrari from the University of Zurich in Switzerland. This symposium will be of great interest to many health professionals across various disciplines because of the emphasis on bone and other tissues including muscle and the brain, and recent evidence for a role of protein, potassium, B vitamins, vitamin D, omega 3 fatty acids and flavonoids on bone and muscle health, as well as the interactions between bone and other conditions such as diabetes and chronic kidney disease. To address the challenges of an aging population, the role of nutrition will be reviewed specifically for the prevention of sarcopenia, frailty and their consequences (falls, hip fractures, loss of autonomy).

Abstracts for the symposium close the 9<sup>th</sup> February 2015.
