

Australian and New Zealand Bone and Mineral Society
Advanced Clinical Postgraduate Meeting 2016

Saturday 18 June 2016

Medical Education Centre, Concord Hospital, Sydney, NSW

The Australian and New Zealand Bone and Mineral Society invites you to attend the 2016 Advanced Clinical Postgraduate Meeting in Bone Disease.

Specialist training in the management of bone and mineral diseases is an expanding field with clinical significance across numerous disciplines including endocrinology, rheumatology, rehabilitation and geriatric medicine, orthopaedic surgery as well as general medicine.

Topics to be covered:

- *The latest information on best practice in the diagnosis and treatment of bone and mineral disease;*
- *Critical evaluation of current management strategies and their underlying scientific evidence;*
- *Coalface perspectives on current progress in bone and mineral disease.*
