ANZBMS Gap Fellowship

In recent years, funding for mid-career researchers has become increasingly difficult to obtain, jeopardising the future career of many of our colleagues in bone and mineral research. The ANZBMS has therefore created a new Fellowship Award with the intention to bridge shortfalls in salary funding for mid-career scientists.

The Award:

ANZBMS will fund up to two one-year 'Gap Fellowships' of AUD\$50,000. In order to be awarded, the applicant's administering institution must match this amount. Funds will be for salaries only, to be paid in two instalments (initial and at six months). The Award does not cover any on-costs. Successful applicants cannot reapply for the award in subsequent years.

Closing date: 1 November 2015
